

Completion Report: Hygiene and Sanitation Awareness Campaign

Organized by: Student Union for Rohingya Development (SURD)

Overview

From 3rd to 6th July 2024, SURD conducted a Hygiene and Sanitation Awareness Campaign across the Kutupalong Registered Refugee Camp, Camp 4, and Camp 24. The campaign targeted over 70 youth, children, and school students, equipping them with essential knowledge to adopt healthier hygiene practices.

Activities and Focus

The campaign featured

- Interactive Workshops: Focused on personal hygiene and sanitation awareness.
- 2. **Demonstrations**: Hands-on sessions tailored for youth and school students.
- 3. **Awareness Talks**: Highlighted the importance of hygiene in disease prevention.

Impact and Reception

The campaign successfully

- ✓ Improved participants' understanding of hygiene and its role in public health.
- ✓ Garnered appreciation from local leaders and community members for its relevance and execution.

Challenges Addressed

Despite budget limitations and requests for broader coverage in other camp areas, the campaign was implemented smoothly. Some initial resistance from a few community members was resolved through dialogue, leveraging our trusted presence in the community.

Acknowledgments- SURD extends its deepest gratitude to

- "Donate Blood Save Live" for their active collaboration.
- **UNHCR** and **IOM** for their encouragement and recognition of our initiative.
- ❖ The SURD admin panel for successfully raising funds to execute this project.

Call to Action

This campaign underlines the urgent need for expanded hygiene awareness efforts across all camps. We invite donors and partners to support SURD in scaling these impactful programs to benefit more communities.
